The Main Text

Offering an impressive amount of space arranged across two floors, this two-bedroom top-floor flat provides a distinctive alternative to conventional apartment living. With accommodation extending to approximately 1,201 sq. ft., the property has the proportions and layout of a house while enjoying an elevated position above Holton Road – giving it a genuine “house in the sky” feel.

The property is presented in very good condition throughout, with bright, spacious accommodation and a modern, contemporary finish. A particularly impressive feature is the substantial entrance hallway, which creates an excellent sense of space from the moment you enter and is illuminated by rooflights.

The main living accommodation is centred around a superb open-plan kitchen/reception room. This generously proportioned space provides ample room for both lounge and dining furniture, while the fitted kitchen incorporates a range of modern units, work surfaces and a breakfast bar, creating a sociable everyday living space. Multiple windows allow plenty of natural light into the room.

Also positioned on this level is a spacious bathroom, fitted with a modern white suite, including a bath with shower over, a wash hand basin, and a WC.

Stairs rise to the upper floor where there are two well-proportioned bedrooms. Bedroom one is particularly impressive, offering an exceptionally generous principal bedroom with plenty of space for additional furniture. The second bedroom is also a comfortable double-sized room, making the accommodation suitable for couples, small families, sharers or those requiring a dedicated home office.

Externally, the property benefits from a private elevated roof terrace, providing a fantastic outdoor space rarely associated with a town-centre flat. Its elevated position provides far-reaching rooftop views across the surrounding area and creates an excellent spot for outdoor seating and entertaining.
